BLOODY MARY
.... MIX

After releasing Republic Tequila, Tom Nall and Jim Tugmon noticed there was a lack of high-quality, all-natural margarita mixes. They set out to create a product that would not only mix well with their award-winning tequila but with other spirits, wine, beer, and sparkling water. Made in Texas and now with 9 unique flavors and a bloody mary mix, Republic Spirit Blends and Republic Bloody Mary Mix are mixers worthy of the finest spirits and taste buds. Shake up your spirit.
