

REPUBLIC TEQUILA

Republic Tequila founder Tom Nall is a bona fide cowboy. In 2008 he set out to create a tequila that honors the traditions and taste buds of generations of Texans. Republic Tequila wasn't born in Texas, but it got here as fast as it could. Republic Tequila is made from 100% Pure Lowland Agave in the town of Tequila, where the spirit originated. Its smooth, floral profile is great for sipping around a campfire or for making damn good cocktails. Award-winning. Born in Mexico. Raised in Texas.
